State 'Miss Majorette' Contest Here Saturday

An expected 100 candidates for the title of "Miss Majorette of Illinois" will ride in a parade through the streets of the Quad-Cities Saturday afternoon, with finals in the competition scheduled here that night.

Candidates for the title will perform from 9 a.m. to 1 p.m. at Namsco grade school, 1600 Pontoon road. A pageant at which the winner will be named is scheduled for 7 p.m. at Granite City high school.

Dennis Baker, chairman of the parade, said 50 convertibles are being secured for that event. No advance parade route is planned, he said, but the parade will proceed throughout the community.

1961 Winner Here
Official hostess for the contest is Miss Karen Marie Jordan.

Bank Promotes Nelson To Vice-Presidency

Promotion of Harry Nelson to vice-president in charge of the installment loan department at First Granite City National Bank was approved Tuesday during a meeting of the board of directors. The board also approved the regular 45-cent per share dividends payable Sept. 15 and Dec. 15.

Nelson, who had been an assistant vice-president, lives at 2435 Edison avenue. He has been with the bank since Aug. 15, 1955.

portation \$14,887 up \$2707; building \$68,268 down \$47,805; bonds and interest \$113,301 up \$7492; and nothing for construction down \$327.

The levies and budget were adopted immediately following a public hearing at which no objections were raised by those present. Only board members, school officials and newsmen were in attendance.

The board approved July salaries totaling \$39,106 and July bills totaling \$14,364.

Treasurer Raymond Kozielek reported receipt of the first settlement of 1961 taxes from Namsco township at \$84,164 and from Venice township at \$435,841.

Multi-Purpose Room Ready
Supt. Brown announced the new multi-purpose room at Louis Baer elementary school will be ready for use when school opens Monday.

The class for educable mentally handicapped also will open this term. Madison has an agreement with Venice whereby the upper grades will be taught in Madison and the lower grades in Venice. There will be an exchange of students to avoid duplication.

Madison has a school room for the mentally handicapped at Dunbar school. It is expected to be filled to the permissible maximum of 15 students, with at least two to be assigned from Venice. In return, Madison expects to send two or three students to the lower grades in Venice. Psychological testing of the students is not yet complete, however.

Miss Callie Nave, a graduate of SIU with special training for instructing exceptional children, is the teacher.

Robert D. Reeves, 1435 Third street, was employed as a new custodian for the third turn at Madison high school.

Other changes were made in the assignment of custodians. John Crnkovich was assigned to the day turn at Louis Baer school; John Severine was assigned to the second turn at Madison high school; and Hoyt Miller was assigned duties at Harris school.

A letter was read from State Supt. of Public Instruction George T. Wilkins informing the board that Madison schools have been fully accredited for the coming school year and that certificates will be sent out.

No action was taken on payment of the treasurer's bond pending settlement of the rate by the superintendent.

gensen, Chicago, last year's titlist. In addition to the 1961 state crown she holds over 500 contest awards.

The contest will be conducted by the Granite City Jaycees under the auspices of the National Baton Twirling Association. The winner will advance to the annual Winter Carnival at St. Paul, Minn., to compete with winners from the other 49 states for the title "Miss Majorette of the U.S.A."

The contest entrants will come from throughout the state. Morris Miles, general contest chairman, said the public is welcome to both the morning and evening sessions Saturday. Tickets good for both performances are available from any member of the Jaycees or may be secured at the door.

2 Lawsuits Involve Accident, Restaurant

Two suits involving Granite City residents are pending in Madison county circuit court.

A suit for \$2000 damages was filed Wednesday morning by attorneys for Roadway Express Inc. against Ted L. Kuberski of Granite City.

The suit alleges that Kuberski, while operating a dump truck July 22 on Highway 162 near Granite City, failed to make proper signals while changing lanes and was involved in an accident with a tractor-trailer truck of the plaintiff.

David Butler, a minority shareholder in the New Rose Bowl Inc., of Granite City, filed suit asking that the court appoint a receiver to liquidate the affairs of the company and distribute the proceeds among the shareholders according to interest.

He claims he has been denied a seat on the board of directors and that the majority stockholders, Mr. and Mrs. Claude Duval, are living on the premises free of charge and have had the premises remodelled for themselves.

The corporation issued 520 shares of common stock, 53 of which are owned by Butler, 154 by Taylor Butler and 166 by the Duvals.

The complaint alleges that the Duvals maintain active and exclusive control and management of the restaurant corporation's affairs.

A notice of appeal has been filed by Mr. and Mrs. Alvin I. Hutherson and Julius Shaffer concerning Judge Harold A. Clark's decision July 30 giving SIU immediate possession of two tracts of land and vesting title of the land to the university. The land still is occupied by the appellants. It is located on Lewis road.

Schaffer's land was valued at \$14,000 for 26.5 acres and the 35.5 acres of the Huthersons was valued at \$38,000 by circuit court juries. The university wishes to build a utilities reservoir on the land in conjunction with the current campus expansion.

Memory Of Health Problem
Morris said he had a real purpose in circulating the petitions.

Two years ago following a heavy rain which flooded the North Granite streets and remained there for days, his young daughter, Phyllis Jean, now eight years old, became ill.

"She had hepatitis, possibly caused by the dirty water, and she had to go to the hospital. All of us in the family had to take shots."

GC Sends 31 Contestants To Finals Of Illinois Junior Sports Jamboree

Twenty-nine swimmers and two entries in track and field events left Granite City at 1 p.m. today for Sterling, where they will compete in the finals of the Illinois junior sports jamboree, sponsored jointly by the Illinois Youth Commission and Junior Chamber of Commerce.

Most of the Granite City contestants are winners from a sectional jamboree which was held here in July. The swimmers, who represent Paddlers and the YMCA, had little competition in the sectional, but are expected to run into stiff tests at Sterling Saturday, especially from some outstanding Chicago sectional winners.

About 500 boys and girls in three age divisions from 10 through 15, representing 70 Illinois communities, will compete to the finals. They will be assigned to dormitories in Sterling and participate in a parade in their honor tomorrow morning.

Schedule Of Events
Field events will be held Friday afternoon and track finals under the lights Friday night. Swimming is scheduled for Saturday morning in Lawrence Park pool, located on an island in the Rock River between Sterling and Rock Falls.

The program will conclude with the presentation of trophies by Gov. Otto Kerner at a Saturday afternoon banquet.

The Granite City youngsters are expected to arrive here from Sterling by chartered bus about 9 p.m. Saturday.

Track and field competitors in the finals are Ed Melton, midget

boys' baseball throw, and Tom Reynolds, midget boys' 30-yard dash.

Sectional swimming winners are Gordon Quinn, Debra Bergner, Carol Druhe, John Evenden, Pat Parker, Jim Dunn, Barbara Bickhaus, Clarence McKee, Randy Thompson, Karen Calvert, Bob Malottki, Mark Dufner, Jayne Dulgeroff, Gayle Thompson, Pat Schmidt, Kelly Hogan, Ron Valicoff, Cindy Zahn, Maggi Harlan and Claire Steinhauer.

Swimming contestants who did not place first in the sectional but who will make the Sterling trip and swim in the finals are Dal McMillan, Bill Beatty, Alex Tarpoif, Jim Snelson, Dianna Miller, Sue Hogan, Linda Malottki, Linda Lybarger and Jim Stuart.

Acting as chaperones and coaches for the Granite City group are Keith Parker, Bill Kinder, Mrs. Edith McGee and Mrs. Valerie Evenden.

16-Team Slow-Pitch Softball Tournament Begins Here Monday

First round pairings and the complete schedule for the park district's fifth invitational slow-pitch softball tournament were announced this week by tournament director Al Kutzer. The four-day single elimination tournament will begin Monday night and conclude with the championship game on Thursday, Aug. 27.

Sixteen teams have entered, and trophies will be presented to the top three finishers immediately following the title game.

First round games Monday are Madison Baptist vs. VFW Post 1230 at 6 p.m., Niedringhaus Methodist vs. Spangler Insurance at 7 p.m., Rome & Roy's vs. Bowland at 8 p.m. and Dow Metal vs. Ernie & Annie's at 9 p.m.

Tuesday night's lower bracket first round games are Sportsman's Club vs. The Myers at 6 p.m., Baker's Dozen vs. Club Delmar at 7 p.m., Madison Bowling Club vs. Green Hall at 8 p.m. and Polish Hall vs. Bethel Community at 9 p.m.

Gridders Sweat Out First Practice Drills Wednesday; More Of Same Planned Today

About 120 candidates were on hand at Granite City high school, and over 40 turned out at Madison high school yesterday as football coaches Al Lewis and Glen Pickering held initial practice sessions and began preparations for their opening games of Sept. 14.

Both coaches scheduled two daily workouts, and the athletes sweated through the morning workouts in 81 degree heat. The temperature rose even higher in the afternoon, but cloud cover made the p.m. sessions more bearable.

Both clubs planned double doses again today — strategy which will continue until school opens on Sept. 4.

Madison and GCHS players came through the hot workouts in good shape, according to Pickering and Lewis, but at Gillespie a team candidate collapsed in the dressing room following practice and later died. His death was attributed to the effects of the hot weather. Gillespie played at 6, 7, 8 and 9 p.m. Wednesday, semifinals at 6 and 7 p.m. on Thursday—the third place game at 8 p.m. Thursday and the title game at 9 p.m. Thursday.

Leslie will play Madison on Nov. 1. "We'll practice everyday, and I do mean everyday," Pickering told his Trojans yesterday. Madison lettermen were quick to recall that a driving rainstorm did not halt practice on a particular afternoon last fall.

Madison began with a morning of calisthenics and worked into fundamentals in the afternoon practice. More of the same without football pads is on today's agenda.

Earlier Practice

Leslie moved today's morning practice at GCHS about two hours to 7 a.m. in an effort to avoid the heat. Granite City's a.m. workouts are all with full equipment—pads, helmets, etc. The Warriors got right to work on Lewis' one-day-to-offense, which sometimes resembles the split T, sometimes the wing T, the latter the same offense as employed by Madison.

Linemen and backs worked separately during the morning—mostly on technique—then joined up at the 4 p.m. practice minus their heavy gear for the first look at Lewis' offense, which differs somewhat from that employed last season.

The season opens for both clubs are just three weeks away. Granite City will be at home to Assumption and Madison will travel to Edwardsville.

Park Tennis Meet Finishes On Time Despite Rain; Titles In 8 Divisions

Despite rains which washed out most of Monday evening's first round competition, the Granite City park district's local tennis tournament finished on schedule yesterday evening with finals in three remaining divisions.

Tourney director Dave Moss took time enough to win the men's singles trophy by defeating Mike Barnes in yesterday's final, 6-1, 6-3. Moss had beaten Don Harmon in Tuesday semifinals, 8-2, in a pro set. Barnes advanced to the finals when George Voegele defaulted in the semifinals.

Barnes then teamed with Moss and the pair easily won the men's doubles final from Al Malotki and Voegele, 8-0, in another pro set. Voegele and Malotki had defeated Don Harmon and Tom McRaven in a preceding round, 8-3.

The women's singles title was won by Pat Pero by 6-3, 6-4 scores over Beverly Rustick yesterday. Miss Rustick advanced to the last round with straight set 6-2, 6-0 wins over Janet Moore. The title had beaten 6-4, 6-1.

Bethel Wins Two; Church Playoffs To Begin Tonight

Park district Church softball league playoffs begin tonight with season champion Madison Baptist facing fourth place finisher Community Heights at 8 o'clock, and a contest between runner-up Niedringhaus Methodist and third place Bethel Community following at approximately 9 p.m.

Bethel moved up to third place in the final standings Tuesday evenings by scoring an 11-7 win over Niedringhaus and following up with a will and woolly 31-8 victory at the expense of Community Heights.

Jim Cox was the winning hurler in both slow-pitch league contests, and contributed a leadoff homer against Community Heights to ignite a 16-run sixth inning for Bethel in the second game. The winners batted 20 players in the frame.

Carl Fanner, Bob Dawson and Bob Myers each collected four hits off loser Jim Farr, who gave up a total of 28.

Ed Hessel hit a two-run homer in the sixth inning of the first game. He had three other hits. Bob Niepert was the loser for Niedringhaus.

The final Church league standings:

WHY DRUGGISTS USE RX AS A PRESCRIPTION SYMBOL TODAY

It is generally believed by authorities that the symbol "Rx" is an abbreviation of the Latin word "recipe," meaning "you take." The Rx of today, however, is a far cry from the mystical potions of ancient times!

Jones, Spengler Insurance Whip Rome & Roy's Twice; Win Classic Playoff Crown

Bob Jones drove in five runs, including four with one swing of his bat, last night as Spengler Insurance led down the playoff title in the park district Classic Softball league with a 7-3 win over Rome & Roy's at Wilson Park.

The win gave league champion Spengler two straight triumphs over Rome & Roy's in the best two-out-of-three series for the playoff trophy. Tuesday evening Spengler blanked R&R behind Leo Six's three-hit pitching. Six got the victory again last night on a four-hitter.

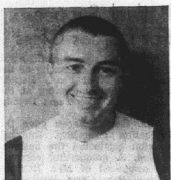

Jones was the hitting star of last night's contest. He had four safeties, the most important one a second inning grand-slam home which boosted the Insurance men to a 7-0 lead. He had connected for another homer, this one with no one on base, in the

first. Both balls were hit out of the park off loser Ray Huff, who was touched for seven hits. Six shut out Rome & Roy's until the fourth. Dave Wilson and half of the losers' total of hits, including a double.

Big First Inning

Five straight first-inning hits off Rome and Roy's starter and loser Ray Huff got Spengler off to an early lead in Tuesday's first playoff game, but the Insurance men's five-run first proved to be more than enough for Leo Six, who hurled shutout softball and beat R&R, 8-0.

Don Crabtree and Bob Jones opened the first with doubles for Spengler, and Jack Scarborough tripled for the winners during a two-run second. Spengler scored its final run in the seventh. Huff allowed eight hits, while Six was touched for three.

Park Dist. Club Presents Trophy To Commissioners

The 40-inch second place trophy won by the Granite City park district softball club in the Illinois ASA state tournament at Wood River was presented to members of the park board last night.

Team Manager Conrad "Babe" Champion made the presentation at the board's regular meeting. He was accompanied by members of the squad.

Champion noted that the club advanced farther in ASA playoffs than had any previous Granite City team in the 28-year history of the amateur softball organization.

Last year during its first season of play the park club was eliminated in the first round of state tourney play at Monticello.

Park Tax Levy Shows Increase, But Rate Down

Granite City park district commissioners adopted a 1962-63 tax levy of \$175,818 during a meeting last night. The levy showed an increase of \$3181 over the past fiscal year.

At the same time, the tax rate will show a slight drop from last year, from 12.4 cents per \$100 assessed valuation to 11.5 cents, based on the park district's total assessed valuation for the two taxing periods, the board noted.

The levy provides \$131,864 for general corporate purposes compared to \$129,445 last year. Levied for recreational purposes was \$43,954, compared to \$43,192 last year.

The district's 1962 budget of \$214,680, adopted last month, will include \$38,862 in estimated income from park activities, the exact difference between the budget and levy.

Easy Wins For UE Co., Air Products

Air Products and Union Electric rolled along comfortably in their 1-2 positions atop the YMCA Industrial Softball league last night at Lee Park, where both scored lopsided, five-inning wins.

First place Air Products bombed Dow Metal Products 16-3 in the first game, and Union Electric used Jim Williams' one-hit pitching to stop Modern Furniture 18-0 in the second contest.

Fred Liedner cracked a three-run homer for Air Products in the third inning, while teammates Louis Gould and Charles Polley each had three hits. Fred Jones was the losing pitcher, Bill Page the winner.

Al Queveraux connected for a three-run homer in the third inning against Modern Furniture, and Darryl McMahon had hit a solo shot in the following frame for Union Electric. Ray Jones took the pitching loss.

The league will conclude its regular season schedule next Wednesday evening. Playoffs will follow.

American Steel Contract Talks Are Recessed

Recesses in contract negotiations until the end of September were announced today for the American Steel Foundries plant and the machinists and electricians unions.

The decisions for recesses were reached during contract talks this week. The current one-year contract for about 40 machinists and 10 electricians expires Aug. 31.

A. P. Steinhauser, works manager, said the plant is scheduled to be in operation four days next week Tuesday through Friday.

GCHS Harriers Draw Equipment Monday Morning

Granite City high school cross-country coach Dick Harmon said this morning that he will begin issuing equipment to harrier hopefuls at 9 a.m. Monday.

Squad candidates must have taken physical examinations and show receipts for paid up school insurance before they can draw equipment, Harmon added.

The Warrior cross-country schedule has not yet been drawn up, but one of the meets this fall will be run at halftime of the GCHS-Collinsville football game in Collinsville Sept. 28.

Dairy-Teamster Pact Expected This Week

Agreement is expected this week on a new contract between Dressel-Young Dairy Co. and Local 525 of the Teamsters Union covering inside workers at the plant, dairy firm President Jon Dressel said today.

Dressel said the firm has offered a contract which has been accepted by the union leaders. Union membership is to vote on the proposal at meetings tonight and tomorrow, he said.

Negotiations on a new contract covering the company's delivery drivers will begin in September, Dressel said. The dairy's contract covering 35 inside workers and delivery drivers expired July 31.

City To Be Asked To Retain School Crossing Signs

Safety officials and representatives of city schools and PTAs will meet Monday night with the Granite City council.

Their purpose: to ask continuation of past school-crossing safety practices until motorists and children can be educated to recent traffic code changes and until adequate legal crossing markers can be obtained.

The request is the result of a special safety meeting Tuesday evening called at the request of the Granite City school board to consider problems arising under the new U. S. Manual on Uniform Traffic.

Illegal under the code are three-phase portable stoplights, diamond-shaped "school crossing" warning signs which do not require the motorist to stop, and white-painted crosswalks. Crossings cited as potential danger spots included Madison avenue at 22nd and 26th streets; Namekodi road at Jill avenue and at Pontoon and Johnson roads; and Pontoon road at Vine avenue.

Liability will be no greater than the city has assumed in the past several years in using illegal traffic devices, Madison County Safety Council President C. E. Blankenship commented.

A pedestrian in the crosswalk has the right-of-way, Police Lt. Moore pointed out, "and we'll do our best to educate the motorist to what a crosswalk is."

Adult guards can be used very successfully, Crawford said, although "all of you are aware of finances this kind of progress."

Police Lt. Moore and Crawford pointed out that adult guards and schoolboy patrols have no control over traffic—their purpose is to control children.

Legal under the new code are diamond-shaped "school crossing" warning signs which do not require the motorist to stop, and white-painted crosswalks. Also permissible where traffic is

heavy enough are two-phase stoplights which flash amber during hours when children go to and from school, and flash red when activated by buttons at the corners.

Heavily-traveled crossings such as those on the major state highways in the city probably would meet standards to qualify for these two-phase lights, State Traffic Engineer George Crawford told the group.

Changes were made, Crawford explained, to bring Illinois roadways into conformity with the Uniform Traffic Manual. Signs on all roads built with federal aid funds must conform to the manual, it would be impractical to follow a different set of standards on other roadways within the state. Changes will be made gradually to bring Illinois roads to conformity by Jan. 1, 1967.

Training For School Patrols

Police will help train schoolboy patrols, Lt. Moore said, although the department does not have enough manpower to place

patrolmen at crossings.

Changes were made, Crawford explained, to bring Illinois roadways into conformity with the Uniform Traffic Manual. Signs on all roads built with federal aid funds must conform to the manual, it would be impractical to follow a different set of standards on other roadways within the state. Changes will be made gradually to bring Illinois roads to conformity by Jan. 1, 1967.

Funeral arrangements appear in the obituary column.

Many Illinois Veterans Missing Scholarships

Many veterans may be missing an opportunity to continue their educational training by not using free tuition scholarships available, according to Joseph D. Wetton, local secretary of the Illinois Veterans' Commission.

Wetton said all world war I, world war II and Korean veterans and those who served at any time during the draft period are eligible for the scholarship if they were a resident of Illinois or a year immediately prior to induction.

Selected As SIU "Resident Fellows" Leroy Achenbach, 2410 Sheridan avenue, and Neil Ebersold of Venice, are among the 55 Southern Illinois University undergraduates who will be "resident fellows" in the various areas of University housing for the 1962-63 school year.

The resident fellows, who get free board and lodging in the residence halls for their services, will receive a week's training before the fall term starts Sept. 24. Each is assigned to a certain unit to serve as a counselor and arbitrator.

Madison City Tax Levy -- \$225,566; \$16,402 Increase

The Madison city council adopted a tax levy ordinance Tuesday night amounting to \$225,566 to be assessed on real and personal property.

The 12-part ordinance includes \$59,379 for the general corporate purpose fund, \$18,590 for the bond and bond interest fund, \$28,887 for the garbage fund, \$12,510 for public library, \$15,000 for police pensions, \$20,000 for street department, \$16,000 for fire protection, \$20,000 for playground and recreation, \$3800 for Civil Defense and \$14,000 for Illinois municipal retirement fund.

The total levy is up \$16,402 over last year. The increases are general purposes \$224; bonds and interest \$458; garbage \$8250; library \$200; police pension \$200; street department \$100; fire protection \$100; playground and recreation \$100; Civil Defense \$100; Illinois municipal retirement \$100.

Two-Auto Collision On Madison Avenue

The rear of an auto driven by Mrs. Mary Hays, 24, 2824 Willow avenue, was damaged at 4:20 p.m. Monday at Madison and Niedringhaus avenues, when struck by an auto driven by Joan Eberhardt, 20, of University City. Mrs. Eberhardt's vehicle was damaged at the front.

Both autos were heading south on Madison when the accident occurred. Mrs. Hays and her infant son, Alan, went to nearby St. Elizabeth Hospital for examinations. They escaped injury.

Police Confiscate Railroad Torpedoes Found By Boy

Granite City police took charge of five railway torpedoes Wednesday afternoon. They were found by James Anderson, 13, son of Mr. and Mrs. Homer Anderson, 2647 Circle drive. The boy said he found them in the railway tracks behind his home.

The torpedoes are not widely used any more and are considered dangerous. They are used to signal trains of other traffic on the tracks ahead.

Muttach Expected Home From Hospital Today

Harold Muttach, works manager at Granite City Steel Co., is expected home today from St. Mary's Hospital, East St. Louis, where he has been undergoing treatment for rib fractures.

Muttach, who lives at 50 January lane, was injured in a traffic accident in St. Louis Saturday.

City Hall Remodeling Plans Announced

Plans were announced to complete the remodeling of the city hall building. Bids will be received at the office of the comptroller until 2 p.m. Aug. 31. Plans and specifications may be obtained by prospective bidders from architect Virgil H. Dulgeroff, 2021 Edison avenue, upon deposit of a \$15 check which is refundable upon return of the plans within 10 days of the opening of the bids.

The plans include wood paneling, acoustical tile ceilings, ceramic tile flooring, new woodwork and fixtures for the council room and caucus room. Improvements also are included for the corridor which presently is unfinished and a rolling steel door for the fire department.

City Buildings Reappraised

Mayor Maeras read the report of the Marshall & Stevens Co. of St. Louis, on the reappraisal of city-owned buildings. The buildings were reappraised recently for insurance purposes. No appraisal had been made in recent years and it was feared insurance would not cover replacement.

The replacement values were listed as follows: city hall \$181,228; fire hall \$134,985; Memorial building at Eighth street and Lee avenue \$113,824; Memorial building at Third and Washington streets \$67,874; city garage \$28,050; and Swimming pool \$75,444.

The replacement value of \$605,705 is less than actual value because of the allowance for land and such improvements that would not be lost in the event of fire.

Radial Unit Arrives

The mayor announced that the new radar equipment has been received by the police department and police are familiarizing themselves with it. A license must be obtained from FCC to operate it, he said, then, after ample warning has been given motorists, a crackdown on speeders and hot-rodders will begin.

Permission was granted to the Quad-City Navy Mothers to sell "Sailor Boy" tags in Madison on Sept. 21-22.

Son Born To Pfc. And Mrs. Michael Sanders

Announcements have been received of the birth of a son, their first child, to Pfc. and Mrs. Michael Sanders, Aug. 19, in Clarksville, Tenn. The baby, whose weight was seven pounds, nine ounces, has been named Roy Lynn.

The mother is the former June Harris, a daughter of Mr. and Mrs. Claude Harris of Myrtle avenue. Pfc. Sanders is a son of Mrs. Evelyn Sanders of Washington avenue. He is stationed at Fort Campbell, Ky.

Protestant Welfare Relief Orders Down

Protestant Welfare Agency relief orders were down in July, it was reported Tuesday evening at the agency's board meeting.

The group met at the Trinity Tabernacle in Madison with Clarence Baumeier, first vice-president, in charge, and the Rev. Carl O'Guin as host.

During the month the agency gave \$576 in relief orders, 13 clothing orders and distributed several items of furniture.

Twenty-eight members present heard Mrs. Marie Whittle, caseworker, present a short report on the district eight meeting of the Illinois Welfare Association at Alton which she attended recently. Baumeier urged members to take an active part in the October United Fund campaign.

The next board meeting, Sept. 18, will be held at Madison Methodist Church, with the Rev. Russell Oden as host.

SOCIETY

Quiet Observance For Anniversary

Mr. and Mrs. William F. Green, residents of Granite City for the past 38 years, are today observing their 60th wedding anniversary.

Mr. Green is 80 and his wife is 75. They make their home with a son-in-law and daughter, Mr. and Mrs. Chester James, 2403 Missouri avenue. Mr. Green is in good health but Mrs. Green has been an invalid for the past four years and has suffered two strokes quite recently, therefore no celebration was planned.

The couple has six children, Charles, Earl and Claude Green, and Mrs. Hazel Bloodworth, living here, another daughter, Mrs. Virginia Compton of San Jose, Calif., and the daughter with whom they reside. There are also 10 grandchildren and 12 great-grandchildren.

Before retiring 15 years ago, Mr. Green was employed at the Union Starch & Refining Co.

Moose Women Enroll Members

Two candidates were accepted last night at a meeting of the Women of the Moose, Chapter 247.

Mrs. Maxine Little, senior regent, was in charge and announcement was made of the Moose family picnic to be held in Roxana Sept. 16.

Special awards went to Mrs. Edna Miller and Mrs. Edith Rodgers. Other winners were Mrs. Marian Lipcomb, Mrs. Shirley Porter, Mrs. Irma Arnold, Mrs. Earline Frame, Mrs. Mary Murgie and Mrs. Mary Merz.

Mrs. Margaret Neufeld, publicity chairman, will be in charge of the program at the Sept. 12 meeting. Thirty were present at last night's meeting.

MR. AND MRS. JAMES MARCUS, who were married over the weekend at First Presbyterian Church in Madison. The bride is the former Nadine Gower, a daughter of Mrs. Dorothy Venditto, 2919 Harding Blvd. Mr. Marcus is a son of Mr. and Mrs. Jake Marcus of Venice.

MORE ABOUT Nameoki Township Sewer

(Continued from Page 1)

approved a road and bridge budget and tax levy totaling \$98,127, up \$720, and instructed Town Atty. Nick Vasiloff to explore the possibility of the township filing an injunction against Granite City Steel Co. to halt the proposed construction of settling basins in Horseshoe Lake. Supervisor Harry Briggs was absent due to a leg infection, and Town Clerk John Karlechik Jr. presided.

The road budget and levy were increased only in the Illinois Municipal Retired Fund. It was raised from \$1400 to \$2120 to provide \$200 added coverage and \$520 for clerical services. The budget also includes \$38,085 for the road fund, unchanged from last year. Of the total, \$11,500 is for labor, \$5500 for materials, \$4000 for operation of machinery, \$7000 for the purchase of machinery, \$3500 for equipment repairs, \$4000 for building maintenance, \$4885 for administration and \$1000 for contingencies. The administration section includes \$500 treasurer commission, \$360 for office help, \$75 for stationary, \$50 for printing, \$100 legal expense, \$100 for auditing, \$1400 for transportation, \$1500 for insurance and \$1300 for rent.

A permanent road fund of \$46,422, same as last year, includes \$45,477 for materials, \$494 for treasurer commission and \$450 for the treasurer's bond. The joint county bridge repair fund of \$8500, also unchanged, includes \$5000 for bridge work on state highways and township roads and \$1500 for repairs to the Black Lake bridges.

Sesquicentennial Play Needs Participants

Persons to portray Elijah P. Lovejoy, Mary Todd and Stephen Douglas in the Madison county Sesquicentennial pageant Sept. 10-15 are needed, the executive committee reported today.

Also needed are additional men and women to portray early settlers, a "Gay Nineties" group and more horsemen. Persons interested may contact Carl Hawley at the Sesquicentennial headquarters in the county courthouse.

Hawley told the executive committee Monday he also needs a stage crew to handle construction and backstage details for the pageant, a flat bed truck, a jeep and other equipment.

Mrs. Anita Kubant, queen contest chairman, reported that more than 2000 tickets to the pageant had been sold with sales increasing daily.

Mexican Trip Described
To Madison Rotarians
Highlights of the Coolidge junior high school Latin American Ensemble's trip to Mexico were outlined to the Madison Rotary Club Wednesday by A. H. Froemling, who accompanied the group.

Froemling was guest speaker at the club's regular weekly meeting. During the business meeting, president Alex Schoenhoffer called on major committee chairmen to have governor's reports ready for the next meeting. E. A. Friedman and Frank Egan were appointed to draw up new membership classifications to assist the membership committee. A short board meeting followed the regular session.

Work Nearing Completion

(Continued from Page 1)

drop over and through the rocks causes rough water which is impassable to boats.

Six Ton Boulders

The dam is carefully designed so that the rock will not wash out. The rock is placed in zones so that large boulders—up to six tons in weight—hold the dam against the scouring action of the river.

Base of the dam is 210 feet in width, with rocks on rocks to form a triangular shaped wall which averages 19 feet in height. The dam, from end to end, is 3240 feet long.

Purpose of the dam is to provide a sufficient water level at the Alton locks for inland navigation at all times. During low river stages, usually occurring in the late fall and winter, the water has at times been too shallow to float a fully-loaded barge over the lower lock sills at Alton. The dam will maintain a nine-foot depth at all times.

With completion of the dam, river navigation can proceed through the Alton locks without lightning loads or transferring loads from barge to barge in order to lessen their draft, as has been necessary during low water periods in recent years.

Work on the project officially began Oct. 26, 1960, with a brief riverfront ceremony. Actual construction was commenced a short time later by the Massman-Frazier-Davis Co. of St. Louis. A \$308,065 reversion project along the Illinois shore already had been completed.

Cost Estimate

Originally, the dam was expected to cost \$2,943,189. Robley said the revised cost estimate is \$3,084,000.

During construction, Robley said, safety has been a major problem.

"We urge the public to keep clear of the construction area for their own protection," the engineer said. "We take all the safety precautions we can, but rocks along the revetment can slip, cables on barges tied up at the site can snap and there is any number of other possible dangers."

"We certainly don't want to discourage people from viewing the dam site or using the river for fishing," he added, "but we do want to caution them to the dangers of the immediate construction area."

Robley said progress on the dam has been satisfactory, despite some delay caused by the high water. "You cannot undertake a project of this kind without expecting difficulties," he said.

So far, the velocity of water flowing over the dam has not been accurately measured. Robley said it has been measured at a rate of 11 feet per second, but probably is much higher.

Local Unemployment Higher In May-July

Quad-Cities area unemployment increased by an estimated 375 persons during the 60-day period ending July 15, according to Malcolm A. Thompson, manager of the local Illinois State Employment Service office.

The rise brought the current unemployment total to an estimated 1725, of which 350 are female. The current total is 150 more than a year ago, Thompson said.

Employer forecasts indicate a slight downward trend in employment in the months ahead, according to the ISES reports. Seasonal losses in primary materials are expected to exceed slight gains anticipated by non-durable goods and non-manufacturing, Thompson said.

Girl Treated After Fall From Racker Wednesday

Falls and lacerations resulted in trips to St. Elizabeth Hospital Wednesday for eight individuals. Treated were:

Deborah Thebeau, two, for a small laceration to the back of her head after she fell backward in a rocker, bumping her head on concrete. A daughter of Mr. and Mrs. Phillip Thebeau, she lives at 804 Kirkpatrick Homes.

Local Polling Place For Wheat Quota Vote

Polling place for the Aug. 30 referendum on marketing quotas for the 1963 crop of wheat were announced today by Edwin C. Rothmeier, Chairman, Agricultural Stabilization and Conservation County committee. The wheat quota ballots may be cast from 8 a.m. to 6 p.m. on Thursday, Aug. 30 at the IOOF Hall, Nameoki, for Chouteau, Nameoki and Venice townships.

The chairman explained that the 1963 wheat program to be voted on in general will be the same as for the 1961 wheat crop, as directed by "permanent" legislation. The 1962 wheat stabilization program was authorized by special legislation affecting the wheat crop for 1962 only.

Farm acreage allotments in 1963 will be based on a minimum 55-million-acre national wheat allotment, and growers will receive notices of their farm allotments prior to the referendum.

If at least two-thirds of the growers voting approve quotas for 1963-crop wheat, price support available to growers who comply with their allotment will be at a national average of at least \$1.82 per bushel (75% of parity).

Marketing quota penalties will apply to the "excess" wheat of growers with more than 13 acres of wheat who do not comply with their farm wheat allotments.

If the quotas are not approved by the necessary two-thirds of those voting, there will be no quotas or marketing penalties for the 1963 crop of wheat, but the price support available to growers who comply with their wheat acreage allotments will drop to 50% of parity, or a national average of about \$1.21 a bushel.

In either case, no price support will be available for the 1963 wheat crop to growers who do not comply with their farm wheat acreage allotments.

Proclamation of wheat marketing quotas is directed by legislation whenever the supply of wheat is more than 20% above the normal supply. Actually, the total supply for 1962-63 is estimated at 2.2 billion bushels—66.5% above normal.

Marketing quotas have been in effect for the past nine wheat crops, as approved by growers voting in referendums held annually on the question.

Girl Hospitalized After Fall From Swing

Linda Russell, 11, was admitted to St. Elizabeth Hospital Tuesday evening for observation after a fall from a swing earlier that afternoon.

A daughter of Mr. and Mrs. Edgar Russell, 717 Ashland avenue, she was listed in good condition Wednesday morning after receiving skull x-rays.

Eight others receiving emergency treatment Tuesday and Wednesday were:

Donald Meyers, three, whose left heel was sutured after he stepped on broken glass. He is a son of Mr. and Mrs. Donald Meyers, 2125 Miracle avenue.

James Louis Jr., three, whose forehead was sutured after he struck it on a table corner. A son of Mr. and Mrs. James Louis Jr., he lives at 2355 Pontoon road.

Thomas Duckworth, two, skull x-rays and sutures to his forehead after he fell from a bunk bed. He is a son of Mr. and Mrs. Harold Duckworth, 2319 Washington avenue.

Debby Huebner, two, sutures to her lacrimation to her right foot after she stepped on a piece of glass. A daughter of Mr. and Mrs. Harold Huebner, she lives at 3112 Kirkpatrick homes.

Mrs. Elsie Colyer, 1309 Kirkpatrick homes, for an injured right elbow after she fell.

James Juckis, 16, for an injured left knee after a fall. He lives at 1021 Logan avenue, Madison.

Mary Pieschalski Succumbs At Age 68

Mrs. Mary Pieschalski, 68, died at 11:05 a.m. yesterday at her home at 2551 Delmar avenue following a lengthy illness. She had been under medical care.

She is survived by her husband, George, two daughters, Misses Mary and Agnes Pieschalski of Granite City; four sisters, Mrs. John (Cecelia) Kulback, Mrs. Frances Wielgus and Mrs. John (Agnes) Segar of Granite City and Mrs. Josephine Pieschalski of Dupo; and two brothers, Joseph Lutzenke of Granite City and Frank Lutzenke of St. Louis.

Funeral arrangements are given in the obituary column.

Thomas Harris In Serious Condition

St. Elizabeth Hospital officials listed as serious today the condition of Thomas Harris, 13, who fell 67 feet from a high tension steel tower after climbing near an electrical power line Aug. 14.

He is the son of Mr. and Mrs. Samuel Moody of 2332 Cardinal avenue.

Mrs. Ruby Lilley, 2207 Lee avenue, for an injured left elbow after a fall on a porch.

Mrs. Bertha Baker, 704 North 28th street, for a small laceration to a little finger while washing dishes.

GAS HEAT HEADQUARTERS, TRI-CITY HEATING, GL. 2-2110.

GOP State Convention Friday At Springfield

Local GOP delegates are leaving for tomorrow's Republican state convention to be held at the Orpheum theatre in Springfield. The local delegates are being headed by C. Luther Rudder, Marion Groshong and George Warnecke.

Pre-convention activities are starting this afternoon with meetings of the resolution and platform and the University of Illinois trustees committees. About 5000 delegates and alternates are expected to attend. Honored guests will include U.

Turns Too Far

Wallace A. Weidner, 18, of 1029 Washington avenue, Madison, was charged by Madison police with reckless driving after his auto struck the packed vehicle of Walter O. Cook, 1805 Fourth street, in front of Cook's home at 8:10 p.m. yesterday. Both cars were towed from the scene. Weidner said he turned left from Highland avenue onto Fourth and failed to straighten his wheels. He posted his driver's license as bond.

S. Senator Everett M. Dirksen, Secretary of State Charles F. Carpenter and former governor William G. Stratton.

ACCEPTING KEYS to a new air-conditioned, oxygen equipped ambulance is Henry Pieper, left, of Pieper Funeral Home in Granite City. At right is Robert Bevington, vice-president of the C-B Coach Co. at Blytheville, Ark., from which the new Pieper ambulance was recently secured.

New Air Force Assignments For Two GC Airmen

Two Granite City men are being reassigned to new bases to attend technical training courses following completion of United States Air Force basic military training at Lackland Air Force Base, Tex. They are Airman Basic Harold L. Fisher, son of Mr. and Mrs. Herman L. Fisher, 4385 Highway 162, and Airman Basic Johnny L. Funkhouser, son of Mr. and Mrs. Jesse M. Funkhouser, 4527 Highway 162. Airman Fisher will attend a course for fire protection specialists at Greenville AFB, Miss.

He is a former student at Granite City high school.

Airman Funkhouser will be trained as a radar operator at Keesler AFB, Miss. He is a 1961 graduate of Granite City high school.

Report Venice Woman Beaten, Hospitalized

Venice police are investigating a report that a Venice woman who was hospitalized early yesterday was beaten by her husband.

A report from St. Mary's Hospital states that Mrs. Alma Foster of 1013 Douglas street was badly beaten about the head, face and neck. She received

Granite City PRESS RECORD

Thurs., Aug. 23, 1962 Page 23
Police said she was taken to the hospital by her brother, Andrew Crowder of Chicago. Crowder told police his sister was beaten by her husband, James Foster. The beating allegedly took place at the home of a girl friend of Mrs. Foster on Calhoun street.

State Police Jobs Open To Qualified Women

Women desiring jobs with the Illinois State Police may apply until Aug. 31 under a plan by which the force for the first time will employ policewomen. The state police merit board last week announced requirements of applicants who would be used primarily for investigative work if hired.

The prospective policeman must be between 25 and 41 years of age, a qualified stenographer and be prepared to undergo the same screening and training as a male trooper. She must have at least five years employment in social, group, probation, parole or penological work, or in law enforcement, or as a nurse, teacher, or investigator. She must be at least five feet, two inches tall, but not over five feet nine, and her weight in proportion to her height. And she must have at least 20-40 vision without glasses.

Building Permits Include Four For New GC Dwellings

Boosted by permits for four new homes, Granite City building permits issued during this month total \$64,856, according to Earl Bloomquist, city building inspector.

Two new house permits were issued to Cloverview Home Builders for construction along Pontoon road in the Cloverview addition. Each dwelling is to be five-room brick veneer, with cost listed as \$15,000.

New home building permits also were secured by Harry R. Lofgren for a \$10,000, five-room dwelling at 4028 Melrose avenue, and Albert Lofgren for an \$8,000, four-room house at 2623 Sheridan avenue.

Permits for home repair and improvement projects added \$10,090 to the 10-day figure. Four garage or carport permits were issued for construction totaling \$2650.

One permit for construction in a commercial zone was issued, that to Dr. Irwin Weisman for truck-parking at 1245 Niedringhaus avenue. Cost was estimated at \$38,000.

Home Improvements

Three receiving home project permits included George Mathis, \$1500 at 2120-22 Benton street; Ervin Ernst, \$1200 at 1721 Olive street; C. H. Stoval, \$1200 at 2404 Sheridan avenue; Robert Sharp, \$1215 at 2428 East 24th street; Willard Thompson, \$1100 at 2915 Indiana avenue.

Bruno Reichenst, \$850 at 2099 Twelfth street; Larry Miller, \$931 at 2725 Ralph street; Paul Harshany, \$500 at 2536 Washington avenue; Charles Cline, \$300 at 2333 Benton street; Leslie Smith, \$300 at 1632 Olive street; Gray King, \$475 at 2326 Jorden avenue; Howard Henry, \$100 at 1728 Spring avenue; Louisa Muss, \$100 at 2310 Lincoln avenue; L. B. Patton, \$100 at 2462 Washington avenue; and Thomas Fisher, \$100 at 2848 Ralph street.

Oscar Knus received a \$1200 permit for razing and rebuilding garage at 2319 Lincoln street; Noah Cantrill a \$400 permit for a carport at 2817 Saratoga avenue; St. S. Cline a \$400 permit for a carport at 2313 Edwards street; and Willis Cook a \$650 permit for a garage at 2211 East 20th street.

\$294,455 Bond Sales

Madison county residents purchased a total of \$294,455 in savings bonds in July, according to Henry D. Karandjef, Granite City, general county chairman of the savings bonds committee.

ENROLLED AT MOOSEHEART recently was the family of the late Granite City James Haley. They are first row, left to right—Carolyn Jean, 11; Herman, seven; Susanne, 14; and Mary Alice, 15. With them are, second row—Hilton Worthen Jr., Granite City lodge 272 governor; Bernard Chayke, Mooseheart admissions director; and Fred A. Frame, secretary of the Granite City lodge.

Former Local Family Enrolled At Mooseheart

Three daughters and a son of the late James R. Haley of Granite City were enrolled recently at Mooseheart, the home and school operated by the Loyal Order of Moose for dependent children of deceased members. They are: Mary Alice, 15; Susanne, 14; Carolyn Jean, 11; and Herman, seven. Accompanying them to Mooseheart were Granite City Moose officials Milton Worthen Jr., governor; and Fred A. Frame, secretary.

Haley, 42, had been a member in good standing of the Granite City lodge at the time of his death on July 1, 1958. Each child will remain at Mooseheart until they are graduated from Mooseheart high school. In addition to their diplomas, they will have learned a trade and qualified for a vocational training certificate.

They had lived several years following their father's death in Poplar Bluff, Mo.

County ASCS Office To Relocate Saturday

Madison county farmers are informed that the Agricultural Stabilization and Conservation committee office of the U. S. Department of Agriculture now located at 118 Hillsboro avenue, will move to a new location at 110 North Main street, Edwardsville, on Saturday and will open for business Monday, Aug. 27.

The new location provides new and better facilities such as off street parking and an arcade for easy access from the rear parking lot to Main street.

Madison county farmers, friends and related agencies are invited to visit the new location and discuss farm problems or obtain information on federal farm programs administered by the office.

Graham Sentenced To 4-Year Prison Term

Norman Louis Graham, 27, of 1006 (near) Washington avenue, Madison, was sentenced Monday in federal court at Springfield to four years in prison for violation of the Dyer Act, Madison police were informed.

Graham had pleaded guilty earlier to transporting a stolen vehicle across the Missouri-Illinois line. Sentencing had been postponed while an investigation of his record was completed.

Graham was fined \$175 plus costs of \$65 Aug. 11 by Madison Police Magistrate John Bridick on 13 charges arising from a 15-minute police chase through streets and alleys of East Madison Aug. 7. He fled after being stopped by Police Chief Barney Fraundorf for a traffic violation.

Fraundorf said Graham told police he has served a previous sentence at Menard prison on a Madison county burglary charge.

Kiwanis Club Names Convention Delegates

The Granite City Kiwanis club, at a business session Monday in the Elks club named Sam Wolf and Gene Frey delegates to the Illinois-Eastern Iowa District convention to be held in Chicago Sept. 30 through Oct. 2. The recent Bow Line boat races, co-sponsored by the Kiwanis club, were discussed. A tentative estimate of \$400 profit for the club was reported. The money will be used for youth work.

Plans were made to procure 10 new members by Oct. 15 and to encourage better attendance by the present membership. The meeting that normally would fall on Labor Day was cancelled. Tentative plans were made for a ladies' night to be held close to Halloween, probably Monday, Oct. 29.

DOWNTOWN GRANITE CITY SHOPPING CENTER MERCHANTS HELP SUPPORT YOUR SCHOOLS!

Downtown Granite City Merchants take a justifiable pride and interest in local schools, for a portion of their taxes goes to support these public institutions. Indeed, one of the many advantages of shopping in downtown Granite City is the fact that a percentage of your purchase is, in this way, returned to you or your children, through local taxes.

SHOPPING CENTER MERCHANTS HELP MAINTAIN PUBLIC PARKS!

You may not realize it, but the many fine recreational facilities enjoyed by the people of this community are maintained through taxes paid by residents. This is why Downtown Granite City businessmen take as keen an interest in the parks and playgrounds as you do. Each time you patronize downtown merchants, you are helping to provide revenue for those facilities.

DOWNTOWN GRANITE CITY SHOPPING CENTER MERCHANTS HELP CREATE JOBS FOR LOCAL RESIDENTS!

When you shop in Downtown Granite City stores, chances are you'll be waited on by a neighbor . . . that's part of the fun of shopping there! There's another part to this pleasant situation that perhaps you may not have taken into account . . . your patronage of downtown stores, businesses or services helps the entire community to prosper, by providing jobs for many of our fellow residents.

Naab, Palmer House Shut Out Park, Take ASA State Softball Laurels

Pitcher Bob Naab, chosen the most valuable player of the tournament, tossed a three-hit shutout at the Granite City park district Monday night in Wood River as Peoria Palmer House captured the Illinois Amateur Softball Association's state title at Jockey field.

The crossfiring right-hander, who allowed only one run in four appearances at Wood River and pitched every inning for Palmer House, scattered three singles as he bested Norm Grote in the title game, 2-0.

"We couldn't move the ball," said losing manager Conrad "Babe" Champion after his team was forced to settle for the state's second place trophy, a 40-inch job which is the biggest won by the Park District team in its brief, two-year existence.

Leave & Stranded
Granite City left eight men on the bases and three Palmer House errors put Naab in occasional trouble. But he worked out of it each time. Palmer House reached Grote for a single run in the fourth, and centerfielder Gene Morse added an insurance marker in the sixth when he lead off with a home run. The park club threatened early in three innings, but left runners at second and third.

Mercer Plays Two At Collinsville, Hearts In Single Game With Troy

Three doubleheaders will spice this weekend's Inter-City baseball card as the league's 10 teams prepare to enter the final two weeks of the regular season. Chief interest will be centered in the Blue division, where a ding-dong battle shapes up for one position in the post-season playoffs.

Mercer Funeral Home, McAttee Glass and Carpenter are each vying for a second or third place finish behind Pocahontas, which has a five-game lead over second place Mercer with only five games remaining.

Mercer, after last Sunday's 14-4 gift to Carpenter, has a chance to "get well" in a Sunday twin-bill at Collinsville against the 3-14 Boosters, who snapped a three-month-long losing streak (14 games) last week against Troy.

Carpenter and McAttee will make the Blue division portion of this weekend's action even more interesting when they tangle in two games at East St. Louis' Jones Park. McAttee trails Mercer by just half a game, and Carpenter is only one game to the rear of the Glassmen.

Hearts At Home
Granite City's Hearts, who can breathe easier since they already have a Red division playoff slot clinched, will try to keep their slim title hopes alive Sunday when they play a single game with Troy (3-14) at Wilson Park.

The Hearts are four games down on Red division leader Moose Club, and one game back of second place Maryville. The Sox are in a better position to overhaul Moose. The

\$1000 Feature Race On Saturday Card At Tri-City Track

A special 50-lap feature race for modified cars will highlight Saturday night's stock car racing program at the Tri-City Speedway here.

Promoter Garland Farless said a \$1000 purse will be guaranteed in the race, with \$400 to the winner, \$300 for second place, \$200 for third and \$100 for fourth.

The modified feature entries, together with cars in all other events, will make use of the recently opened one-half mile track at the speedway, located at 5054 Nameoki road. Until last week, drivers had used a quarter-mile oval laid out inside the larger track.

Heat and feature races will also be held in amateur and fender classes Saturday. Time trials are at 7:30 p.m., with the racing program scheduled one hour later.

Change Sought In Sunset Hills Bylaws

The board of directors of Sunset Hills Country Club unanimously approved a resolution Monday night recommending a general membership meeting Sept. 10 to consider a change in the club's bylaws on assessment procedure.

If approved, the board would be authorized to take such action as it deems necessary to continue the financial stability of the club. Sunset Hills at present operates an 18-hole golf course, one of the finest in the area, a swimming pool and a

fishing lake, in addition to the usual clubhouse facilities.

Prior to the board meeting, directors and their wives enjoyed a swimming party and a barbecue.

expectancy of 70.2 years—the first time such a figure has reached or exceeded 70.
 The report is heartwarming and at the same time thought-provoking. Will war or an unexpected wave of illness render the estimates incorrect by shortening the lives of many? If three or more men become the average lifetime will the expectancy be improved or not for the general good? With so many more living to an advanced age, will a balance be achieved so that there are not too many people being supported by the wage-paying few?
 Problems are sure to increase as the average lifetime of man advances toward the century mark predicted by some health authorities. But there is this consolation—people will have more years available in which to find solutions.

Temporary Deficit Elsewhere Does Not Justify Motor Fuel Tax Raid

The Madison County Board of Supervisors is right in its unanimous opposition to any use of gasoline tax funds for state welfare and relief programs.
 Adequate funds surely can be provided for public aid without tampering with the money paid by motorists for road construction and maintenance by cities, counties and the state.
 The essential nature of safe streets and highways in Illinois transcends temporary fiscal problems caused by overspending in other departments. Opening the motor fuel tax account to raiding would set a bad precedent.

Yearly X-Rays Again Proving Their Worth

With four active cases of tuberculosis, 34 chest tumors and hundreds of other health conditions detected by the yearly x-ray phoscopy, the Madison County Tuberculosis Association has once again proved its worth. Included in the reports were four cases of pulmonary fibrosis, three instances of tuberculosis, and 111 tuberculosis suspects. Overall total of special conditions noted was 633.
 Since tuberculosis and other illnesses can be successfully treated when discovered in their early stages, the importance of regular x-ray phoscopy is obvious. Financed by Christmas seal campaigns, the program deserves public support and more widespread participation than the 19,603 listed for 1962.

Musso, Public Hoping For His Early Recovery

The slow but steady recovery being made by Sheriff George Musso is a tribute to the rugged 290-pound physique which earlier enabled him to gain prominence as a professional football player. We wish him a speedy return home from the St. Louis hospital where he has been recovering from suffering critical injuries in a collision of two autos on Bypass 66 near Edwardsville during a rainstorm May 17.
 The 32-year-old official suffered fractures of the sternum, scapula, pelvis, ribs, a bone in his back, the left ankle in four places, both legs above the knees and the right leg below the knee, plus lacerations, bruising and other injuries. Musso, "tired of being here," is being kept busy at the hospital with daily water and exercise therapy intended to enable him to move about on his own once again.

COUNCIL SHOULD HAVE TALKED WITH PUBLIC

I read Mr. Mosser's Forum letter Aug. 16 with interest, but not enough to change my opinion. It is my belief that the people in your ward, I know they seem to think you're doing your job, but that was before the sanitation contract was signed. Since then, I haven't talked to them. I believe such a decision as the sanitation contract is a very important one. It should have been brought before the people by each alderman, and the people's opinion obtained before jumping in on their own. This was the mistake.
 Mr. Mosser, if this is such a money-saving idea, why did the aldermen not discuss it with the people? It is the people's money, and they should speak up in the Press by a paid ad explaining their views? Let's see how it benefits it.
 Like I've said before and heard others say the same, we should have been told by our city sanitation department if it was found to be necessary to change the contract. The aldermen contracted to out-of-towners not living or paying taxes in our city but benefit it.
 Remember, taxpayers, at one time the mayor said, "Let's keep the tax dollar at home." Is he doing this? Or does this just mean the taxpayers spending their money in other cities?

DISGRACEFUL BEHAVIOR ON DEMO BUS TO FAIR

I thought you would be interested in the shocking and disgraceful behavior of some of our citizens on the trip to and from the Illinois State Fair sponsored by the official chapman of the party, Governor's Day at the Fair.
 The group included 17 persons, both adults and children, from the 10th precinct in Granite City. While we did not hear of any prohibition on children but prohibition was voiced by the officials chapering the party. We enjoyed participating in a parade for Gov. Kerner and afterward our group broke up, some going to the Fairgrounds and others, especially children, to the State Fairgrounds. A downtown Springfield resident told us that the children were given up for adoption. The children were not given up for adoption, but were taken to a meeting place to board the bus. There followed a hectic, but not a happy, trip to the State Fairgrounds. Patrol which was most helpful, also could not locate the bus.

SPORTS JAMBOREE

ON Aug. 25 it will be my pleasure to attend the finals of the 7th annual Illinois Junior Sports Jamboree in Springfield. This event is sponsored by the Division of Community Services of the Illinois Youth Commission with the cooperation of the Illinois Junior Chamber of Commerce.
 The purpose of the Jamboree is to encourage youth fitness, sportsmanship and citizenship. The Illinois Youth Commission considers this sports event an important part of its delinquency prevention program.

More than 500 young people 10 through 15 years of age will participate in this final competition. The original field of entrants over the state numbered 45,000 competing in local meets. The original field of entrants over the state numbered 45,000 competing in local meets. The original field of entrants over the state numbered 45,000 competing in local meets.

Only One Of Kind

This sports event is the only one of its kind in the United States. It has been praised by President Kennedy's committee on physical fitness and the National Junior Chamber of Commerce, urging that similar programs be adopted in other states.

Supervised Program

The sports jamboree fills a need for young people in a community by providing a supervised, vigorous physical program during the summer months. This program is completely supervised by adults in various activities in some cities and towns and, where no such activities exist, in track and field and four also held competition in swimming.

Reaching 45,000 young people in the formative years in a manner cannot help but prove beneficial, not only physically, but also in their training for good citizenship.

The state of Illinois is appreciative of the great assist given this program by the Junior Chamber of Commerce.

FACTS ABOUT THE PREMATURE BABY
 Despite the thousands of premature babies born each year in our country, gross misconceptions still exist on the care and treatment of the infant.
 A premature baby is one born two or more weeks before the normal time of development has transpired.
 While the infant born two or three weeks premature differs only slightly from the full-term baby, the infant born a month or more earlier will usually lack adequate lungs and proper development. Consequently, it needs greater care.
 Breathing is extremely difficult for the premature baby. The period immediately following birth is usually supervised by the physician himself. Under his care, the baby is kept warm and all mucus and other fluids is removed from the infant's mouth and throat.
 Placed In Incubator
 When a physician is certain the baby is breathing well, the infant is placed in an incubator. The incubator is kept at a temperature of 80 to 90 degrees Fahrenheit. Then the infant is moved to a special ward where the baby is kept until it is strong enough to be discharged.

GC Toastmasters To Support Sewer Bond Proposal

The Granite City Toastmasters club will provide speakers to inform the public of the advantages of the proposed \$100,000 sewer revenue bond issue for sewers and a sewage treatment plant.
 The club met for a picnic dinner on Park Monday night and departed from the usual program of speaking-making to hear guests from the Citizens Association. The program was presented by the Citizens Association committee.
 The guests were G. W. Hoelcher, chairman of the committee; consulting engineer Edward J. Huneau; and Alderwoman Mrs. Gabrielle Bettine.
 Hoelcher outlined the history and background of the pollution and abatement program. Huneau stated the technical aspects of the sewer plan and Mrs. Bettine criticized the laissez-faire attitude of Granite City citizens over the years. She also spoke of the advantages of the proposed two-way system over the one-way system.
 It was explained that without the sewer system, the city would have no new construction, FHA loans or attractive homes for sale.
 Mrs. Bettine explained that the pollution abatement program would be the local segment of the nationwide program.
 She said the purpose of the program was to provide speakers. They will meet with Mrs. Bettine in about a week to discuss the program and the speaking engagements which will be scheduled by the Citizens Association.

Bell Choirs of Church To Give Concert Sunday

The two bell choirs—Freeborn and St. Paul's—will give a concert Sunday at the Freeborn Presbyterian Church. The choirs will be led by Mrs. Belle, the wife of the Madison Presbyterian Church will present a program of singing, Ringing, celebrating their first anniversary, at the church Sunday.
 The program will be under the direction of Mrs. Marion Lionard, who has been a member of the choir for over 20 years. The class enrollment will be followed by a meal at 5 p.m. and dancing from 8 to 10 p.m. Members from Moose lodge in the vicinity and all local Moose members are invited to attend.

Genry Survivors Named

 A greater number of young men and women will leave the Quad-City for various colleges and universities this fall than any year in the past decade, according to a preliminary survey made this week by this newspaper. There are 122 already enrolled in institutions of higher learning.

Nearly 20 per cent of the June 27 class at Granite City high school is going to continue their education—an unusually high percentage, Supt. P. A. Grigsby says.
 Illinois university, as usual is attracting more students than any other school—24. Washington university is second with 15; St. Louis university will receive eight while Carleton College and Westminster college will receive seven apiece.

This year's YMCA drive goal has been set at \$7500, an increase of \$1500 over last year. Elmer O. Hill, general secretary, said the quota was raised in order to make a sounder investment on the bond debt and also because more money is needed for repairs and replacements.

Although women have not quite ousted men from the new trolley routes on the rebuilt Illinois Terminal Railroad, the trolley was destroyed by fire on July 12, freight traffic over it was resumed Tuesday night by means of battery locomotives, and full traffic is expected to be again routed over it within the next day or two.

The structure, located on the east side of the river, is a rapid transit of interurban trains operated by the company and is expected to be completed by the end of the year.

After their destruction by fire, trains had to be routed around the city and caused much annoyance to the residents living along the tracks used.

Demonstration That Citizens Can Govern Their Community

There is much truth in Venice Mayor Lec's comment, "You get just about the kind of city you desire."
 The city council gave quick evidence of this by voting to close the Venice taverns closing law unchanged, in accord with the majority viewpoint expressed by citizens.

While the public has a right to expect leadership on the part of its officials, there are limits to what can be accomplished if the voters do not accompany support from constituents. The degree of citizen interest, or apathy, inevitably must affect the caliber of government.

As Dr. Lee said at the council meeting where the tavern issue was debated: "It is a hard thing to see such interest. I hope your interest and enthusiasm will continue in other matters as well."

Growth Accelerated By New Bridge An Added Reason For County Zoning

An added reason to adopt county zoning this year is supplied by the call for bids on initial phases of a new four-lane interstate bridge linking the Illinois Metropolitan Area with Missouri. Judging by past experience, the bridge will accelerate growth, which zoning must precede.

Back in 1910, when the McKinley Bridge was completed, many thought that it would lead to exodus of traffic and industry from the city. Instead, with the two sides of the Mississippi permanently connected, a residential building boom began locally. Opening of the Chain of Rocks Bridge also encouraged construction here.

The new bridge is designed to handle a large volume of traffic and will result in increased interest in the northern fringes of the Quad-Cities as well as other sections of Madison county. The time for approval of zoning—to protect property values and guide development—now, not after the growth has occurred.

Longer Life Brings More Time For Problems, Solutions

American infants still within their first year can look forward to the longest life span of any group of children born at any time in any part of the world. Statistical projections prepared for newborn U. S. children of 1961 chart an average life

City To Allocate Additional MFT Funds For Street Work

Resolutions to allocate \$145,000 city motor fuel tax funds for five street projects, including the widening and paving of West Pontoon road, were placed on first reading Monday night by Granite City council members. Only 12 members were present—an insufficient number to suspend the rules for immediate approval.

In compliance with a state highway department request, the council signified approval of a resolution calling for an expenditure of \$75,000 city motor fuel tax funds for the work, which is to be carried out in conjunction with the Nameoli road improvement.

The project will widen the section of West Pontoon road within the city limits to 44 feet to compare with the four-lane roadway in the county, extending to U. S. 67a. It is to be paved with concrete and curbs and gutters are to be built for a distance of 960 lineal feet. The total cost is to be shared by the state highway department.

Four Other Streets

Supplemental resolutions for improvements to sections of Indiana avenue in Heintzville and Alexander street, Myrtle avenue and Marshall avenue are to allocate additional motor fuel tax funds. The state is requiring wider, 34-foot roadways for the sections which are to be paved with asphalt materials and further improved with concrete curbs and gutters and storm water drainage facilities.

The supplemental MFT funds, the state pointed out, also are needed since the cost estimates were low according to a letter read by Street Committee Chairman Estill Von Schmitt.

The amounts are \$30,000 for Indiana avenue, which is to be improved from Benton street to St. Paul avenue; \$10,000 for Alexander street from East 23rd street to Edwardsville road; \$10,000 for Myrtle avenue from Leonard to St. Clair avenue, and \$20,000 for Marshall avenue from Faith avenue to Victory drive.

GC Twp. Expenses Of \$3910 Approved

Township bills and half-month salaries totaling \$3910 were approved Monday night by Granite City council members. Of the total, \$2089 was for relief and \$1101 for town fund purposes. Relief expenditures were \$1343 for food, \$86 for rent, \$73 for medical care, \$135 for nursing home care and \$14 for utilities. Administrative costs were \$306 half-month salaries for two office workers, \$25 caseworker travel, \$54 for telephone service, \$1 for miscellaneous supplies and \$45 for janitor service.

Town fund disbursements were — \$782 for officials' salaries, \$50 travel for Supervisor Nelson Hagmann, \$50 travel for Assessor H. Von Doe, \$120 for Deputy Assessor Catherine Herman, \$20 per diem for Town Clerk A. L. Stevens, \$60 telephone service and \$16 janitor service for the assessor office and \$2 paid to the secretary of state for renewal of a notary public bond.

\$30,487 GC Bills Include \$13,867 For Insurance

A bill list totaling \$30,487 for two weeks was approved Monday night by Granite City council members — but not without debate.

Payments of \$11,440 for uniform rental for the three remaining workers in the sanitation department and payment of \$209 to Leo Kamadobski for weed cutting were questioned by Alderman Edmund Bartosik. He questioned the advisability of furnishing coveralls to men operating the weed and insect spraying machines. "I thought we furnished coveralls only for garbage collection," he said to the mayor.

Mayor Davis replied the three men were handling chemicals as well as oils and greases, and for that reason the uniforms were being furnished. No further action was taken.

Will Seek Collection
However, Bartosik said he would press further his recommendation for collection of fees for weed cutting on private property, even though Alderman Walter Nomm said the city was on the property of pensioners. "I've got pensioners in my yard, too," Bartosik said. "And they cut their own weeds."

Bartosik pointed out that City Inspector Jack Pricker had issued a statement that individuals and firms failing to pay weed cutting bills would be in jeopardy of summons. "There have not been any warrants issued," he said.

Largest of the bills on the list was payment of \$13,867 to Lawyers Agency for prepayment on the city's liability insurance policy for the period Aug. 15 to next Aug. 15.

Indoor Camp Meeting At City Temple

The City Temple, 1917 State street, is conducting the third annual indoor camp meeting for the Greater St. Louis area. The services began at 7:45 p.m. Wednesday and will continue through Sunday, Sept. 2.

The indoor meeting features three services daily; at 10 a.m. there will be a "Call to Prayer" devotionals conducted by laymen; the 2:30 p.m. service will highlight the "Call to Prayer" devotionals with Rev. B. R. Minton and his 30-ft. Bible chart; at 7:45 p.m. Evangelist C. B. McDowell and the Royal Sons quartet will be featured.

Churches and pastors of the Quad-Cities, East St. Louis, and St. Louis sponsor this annual event. City Temple was selected this year because of its central location, large seating capacity, and adequate air conditioning.

The campaign is non-denominational and open to the public, according to an announcement by the pastor, Rev. J. R. Randolph.

Teachers' Institute Meetings Set Here

Several sections of next October's institute for teachers will be held locally, it was announced Tuesday evening during a preparation meeting conducted at Edwardsville by County Supt. of Schools Wilbur R. L. Trimpe.

Because of the widespread locations for departmental meetings, special certificates for attendance are to be filed by the teachers. Sessions are to be held in Greenville, Collinsville, East St. Louis, Belleville and Edwardsville as well as in Granite City.

Local meetings will be for administrators, science teachers and art instructors. Teachers from Madison, St. Clair, Bond and Clinton counties will be in attendance.

GC Traffic Inventory Meeting Next Tuesday

An inventory of Granite City's traffic safety activities during 1961 will be presented publicly at 7:30 p.m. next Tuesday in the city council room, it was announced today by Mayor Leon and R. Davis.

The presentation will be made by the state Division of Traffic Safety, and invitations to attend are being sent to local safety organizations, school officials and public and parochial school parent organizations. The public also is invited.

Collision At Intersection

Marvin Green, 40, of 1151 Edwardsville road, was involved in an accident at 4:25 p.m. Monday when he stopped on Edwardsville road at 12th street by Norma Skolko, 36, of 1026 Madison avenue. Green's auto was damaged in the rear and the other in the front.

Cost Control Course For Foremen Offered By SIU

Because of the increasing need for reducing costs which is being felt by many of the local industries, special emphasis is being placed on the revised course, Cost Control for Foremen this fall quarter in Southern Illinois University's industrial and technical programs.

Practical points for controlling costs through equalizing job assignments, control of absenteeism, downtime, overtime, rejects, improvements through work simplification, better job layouts and better tools; indirect material control procedures; and use of variation reports are contained in the course.

The twelve-week class will be held in Alton on Mondays, 7 to 9:30 p.m., Sept. through Nov. 26, in Room 105, Alton senior high school. In East St. Louis it will be on Wednesday evenings, 7 to 9:30 p.m., Sept. 28 through Nov. 28.

Scholarships for Illinois veterans are available.

Canal Restaurant OKs Wage Hike Agreement

A five-cent hourly pay hike agreement with Cooks and Waitresses Union Local 461 was signed Monday by the Canal Motel restaurant west of Mitchell.

The establishment was the final one with which negotiations were in progress, according to Mrs. Helen Peters, union business representative. The others had signed before an Aug. 13 strike deadline set by the union.

Mrs. Peters said the anticipates no difficulties in reaching agreement with two other local restaurants which were given 30-day extensions because they recently changed management.

Prior to the agreement, about 200 employees in 45 restaurants represented by Local 461 received wages averaging \$1 an hour for waitresses and \$1.28 for cooks.

SIU Industrial Course Registration Sept. 5-6

Registration will be conducted Sept. 5-6 at Granite City high school for seven non-degree courses to be offered here this fall by Southern Illinois University.

The courses are material handling, the supervisor and his job, logic, industrial engineering, economics of industry, reading improvement, and labor-management relations.

Classes will begin the week of Sept. 10 and end the week of Nov. 26, according to E. R. Cass-

stevens, supervisor of SIU's industrial and technical programs.

New Tax Money Bolsters City's Fund Balances

With funds from this year's tax collection received last month, Granite City's general fund showed a \$124,670 balance on July 31, up considerably from the \$31,342 balance on April 30, the close of the fiscal year. The monthly financial report was submitted to the council Monday night and was accepted. Comptroller John Dooher said additional new tax money is being received this month.

For the first three months of the fiscal year, general fund disbursements have averaged \$96,100 a month, totaling \$288,310. The city's first step toward the receipt of new tax money was to repay a \$100,000 loan in

the form of a tax anticipation warrant.

A breakdown of the general fund accounts, showing three-month disbursement totals and July 31 balances in that order, follows:

Fire department, \$57,765 and \$26,186; water, \$3763 and \$2778; street department, \$54,388 and \$33,379; street lighting, \$4981 and \$2037; pumping station, \$1554 and \$927; general government, \$25,649 and \$15,529; city hall, \$8831 and \$1648; police department, \$57,389 and \$19,807; inspection department, \$6127 and \$925; elections, none and \$453; sanitation department, \$48,524 and \$5437; interest and judgment, \$940 and \$3065; dog

catching, \$2866 and \$1884; contingent, \$4156 and \$486; tax commissions, \$10,690 and \$3339; city planning, \$300 and \$2083.

Breakdown Of Warrant

The \$100,000 tax warrant paid off by the city included \$25,000 for the fire department, \$15,000 for the street department, \$10,000 for general government, \$25,000 for the police department and \$25,000 for the sanitation department.

Of the city's 16 special fund accounts, four showed deficits on July 31, with the largest—\$104,208—in the maintenance of sewers account. Other deficits were \$6529 in the municipal retirement fund, \$7597 in the civil defense account and special improvement projects, \$936. The 16 funds had a total balance of \$204,028 on July 31.

A breakdown of the special accounts, showing three-month disbursements and July 31 balances or deficits in that order, follows:

Municipal retirement, \$8377 and a \$6529 deficit; working cash, none and \$83,283; parking meters, \$5150 and \$89,583; police pension, \$3303 and \$27,307; firemen pension, \$5889 and \$25,308; public library, \$15,687 and \$40,525; arterial street maintenance, \$832 and \$104,160; unclaimed rebate, none and \$6538; civil defense, \$2957 and a \$7597 deficit; sales tax, none and \$35,810; maintenance of sewers, \$45,373 and a \$104,208 deficit; southern extension sidewalk paving, none and \$1412; Monroe street sidewalk paving, none and \$184; Edwardsville road sidewalk paving, none and \$702; special improvement projects, none and a \$936 deficit; and motor fuel tax projects, \$20,422 and \$8259.

\$12,295 Surplus In County Treasurer's Office

Excess fee earnings of the Madison county treasurer's office for the period Dec. 1, 1961, through June 1, 1962, amounted to \$12,295, according to the office of County Auditor John L. Kravak.

Receipts totaled \$65,494 and expenditures \$53,200. The \$12,295 surplus has been deposited in the county officers' fund.

No Garbage Debate—Chairman Is Absent

An anticipated continuation of the garbage-trash collection contract debate failed to materialize during Monday night's short, 35-minute council session.

Alderman Rufus LeMaster, chairman of the Sanitation committee, was absent and no report was sought directly from other committee members.

There was no mention of bids received last meeting for sale of garbage trucks.

The committee report end of the council was covered immediately before a 9:05 p.m. adjournment by a call for reports from any other committees.

Eleven of the 15 aldermen were present. Mrs. Betinec arrived a few minutes late from another meeting, and Estill Von Schmitt left early to go to work. Others present were Walter Norn, Steve Basarich, Samuel Whitmer, Edmund Bartosik, Ford Johnson, Frank Vesic, Joseph Cuvar, Donald Partney and Paul Rutledge. Absent were LeMaster, Charles Meyer, Cammer Stashish and Samuel Shaeffer.

Services Today For Peters Station Man

Funeral services were held this afternoon at a Collinsville funeral home for Peter Weckmann, 75, of Peters Station. Interment was in Glen Carbon Cemetery.

Mr. Weckmann died Monday at St. Joseph's Hospital, Highland. He had been stricken with a sudden heart attack at home Sunday evening.

Mr. Weckmann retired seven years ago from the Tupperman Grain Elevator Co. at Peters Station.

Survivors include his wife, Frieda; a son, Malcolm K. Weckmann of Peters Station; a daughter, Mrs. Jack (Justine) Swink of East St. Louis; a sister, Mrs. Elizabeth Abbott of Glen Carbon; two brothers, John of Glen Carbon and William of Collinsville; four grandchildren and two great-grandchildren.

An obituary notice appears elsewhere in this issue.

Bid calls for painting and door replacement at the city hall and for replacement of dangerous sidewalks in the city were authorized Monday night by Granite City council members.

In an assortment of business, the council referred to the City Hall committee two bids for painting and door replacement.

The city hall committee is to study two bids for two, four-drawer filing cabinets for the police magistrate's office. Graham Book store bid \$225 each for cabinets with locks; while Triangle Typewriter Co. bid \$68.66 each for cabinets with locks and \$61.16 for cabinets without locks.

Authorization for purchase of 500 feet of fire hose was granted on request by the fire department, which has loaned 200 feet to the city engineer and 300 feet to the street department for sewer work.

No-Parking Zone Requests
Mrs. Betinec requested an ordinance for no-parking zones on

reduce the number of lawsuits against the city resulting from falls.

Later in the meeting, Bartosik recommended replacement of 210 feet of sidewalk on the north side of 22nd street between Iowa street and Washington avenue and a portion along the 2200 block of Iowa where a new, four-family apartment house is being built.

He explained the sidewalk is broken and is used by youngsters attending nearby McKinley grade school. The contractor for the apartment building would furnish materials if the city street department would do the work, the alderman said.

The proposal was approved provided unions will permit the city workers to do the job.

No-Parking Zone Requests
Mrs. Betinec requested an ordinance for no-parking zones on

25th street, a 12-foot zone between the alley between Iowa street and Madison avenue, and a similar zone on 26th street. She said at both locations, householders are encountering difficulties at their private garages because of parking for commercial establishments.

Alderman Walter Norn called for the city engineer to prepare an outline of pre-qualifications for contractors bidding on city projects. He suggested they be based on state highway department qualifications, and pointed out most local contractors qualify. A resolution is to be submitted to the council for approval. The city was advised by the secretary of state's office that a resolution adopted two weeks ago in compliance with a state request for a prevailing wage scale schedule for city work had been received and placed on file.

Alderman Donald Partney questioned a requested extra amount to the contractor on the 19th street repair job because of differences in specifications and the work and material quantity. He was informed the council had voted against paying the extra amount.

Placed on first reading was a plat for the third addition to the Brainerd subdivision, approved by the City Planning Commission. The council was advised that streets and sewers have been installed in the area.

Alderman Paul Rutledge questioned the need to remind subdividers that areas to be annexed to the city also are to be annexed to the Granite City park district. The vacationing city attorney, John Gitchoff, is to be advised to confer with Park District Atty. Randall Robertson to continue the policy. The Brainerd addition, it was pointed out, already is in the city and the park district.

WE MADE IT!

When? Telstar made it.

I couldn't be prouder if I'd pushed the button that sent the satellite into orbit.

As you probably know by now, Telstar is the Bell System's new communications satellite. It acts as a sort of moving microwave relay tower in space. Signals from the earth are received by the satellite, amplified within it and then transmitted back to the ground.

Everyone here at the telephone company had his fingers crossed that Telstar would be successful. After all, that little 176-pound ball opens a whole new world of communications possibilities. Voices, television pictures and data messages can now leap thousands of miles in a new and exciting way.

WHY TELSTAR?

Why did AT&T develop and launch the Telstar satellite? Present cable capacity and future cable expansion will not be enough to handle the increase in additional channels needed. Cost is also a big factor. According to one estimate, it would cost as little as \$2500 per channel each year for satellite communications. This is contrasted to \$25,000 each year for one circuit on the new submarine cables and \$200,000 per year on the older type cables. In addition to being more economical, satellite communications are of a better quality and more trouble free.

Telstar is merely the first step in developing satellite communications to enable Quad-Channels to have world-wide communications of the same quality that they have nationwide.

IT WASN'T EASY

Sitting back and reflecting on the many developments that made Telstar possible, these three things come to mind:

1. Since the end of World War II, the Bell System has spent over one billion dollars in research and development in fields pertinent to satellite communications development.

2. Communications by satellite would be impossible without six Bell System contributions: the Transistor, the Solar Battery, the traveling wave tube, ruby masers, the waveguide, and new antennas for the ground stations with innovations in circuitry.

3. The Bell System paid the National Aeronautics and Space Administration for launching the Telstar. No one got a free ride.

I could go on and on about Telstar. It's certainly a great new development—but I'll just make one more comment: It's a good feeling to know that the company you work for is never satisfied with anything but the best. I'm convinced that if there's ever a better way of providing communications—we'll do it.

Call by number. It's twice as fast.

\$620,000 Tax Levy Passed By Venice Board Of Education

A \$620,061 tax levy was approved by the Venice school board Monday night, after the 1962-63 budget was revised and adopted at a special board meeting. The session followed a public hearing on the budget.

The revised budget allows for expenditures of \$773,875, down \$33,274 from the tentative budget approved by the board July 15. No objections to the proposed figures were voiced at the hearing.

Supt. John O. Pier said savings were accomplished primarily by closer study of various smaller items and elimination of a \$6000 allowance for a new bus. All major departmental totals with the exception of fixed costs such as bond and interest payments were down from the tentative budget.

Only Officials Present
Only the school board members and Pier were present for the public hearing, which began at 7 p.m. at the school board office. The hearing had been publicized in advance as required by law.

The major portion of the tax levy is for the educational fund, which is apportioned \$457,721 of the total levy. The levy also includes \$63,141 for the building fund, \$74,725 for the bonds and interest fund, \$10,000 for the working cash fund, \$8161 for the Illinois municipal retirement fund and \$8811 for the transportation fund.

Total expenditures allowed under the adopted budget, by major departments, are as follows:

Educational fund, \$510,336; Illinois municipal retirement fund, \$8161; transportation fund, \$11,185; building fund, \$74,725; working cash fund, \$80,124; working cash bond issue fund, \$12,850; and bond and interest fund, \$75,463.

Priest Tells Rotarians Of Menard Prison Life

The Rev. Robert Foppe, chaplain from Menard state penitentiary, was the guest speaker Tuesday at the luncheon meeting of the Granite City Rotary Club, at the YMCA.

He discussed prison life and facilities for the rehabilitation of inmates.

Fr. Foppe described the prison as "a city in itself." There are three separate parts to Menard, he explained, a diagnostic depot, a psychiatric division and a general division.

Incoming prisoners are isolated in the diagnostic depot for about two weeks to be classified. A complete history is taken and the individual is interviewed by a psychologist, psychiatrist, the chaplain and others. He is classified as to skills and education.

The psychiatric division has over 650 inmates. Fr. Foppe said. They include the dangerous psychopaths and persons who develop mental illness in prison.

The general division has over 2600 men. There are three schools in the division—a general learning school where men may earn grade school or high school diplomas, a vocational school at which 55 trades are taught and a commercial school where such subjects as typing and bookkeeping are taught. Classes are taught by inmates under the supervision of an accredited teacher and diplomas are honored as regular public school diplomas.

The prison operates an honor farm outside the walls where prisoners are allowed greater privileges such as living in a dormitory rather than being confined to cells each night.

"The state has obligations by law only to feed, house and clothe a prisoner," Fr. Foppe said. "Anything else is a privilege and can be taken away."

Two hundred officers supervise the activities of work details at all times. In the prison shops tobacco is processed and such manufactured items as soap, waxes, brooms, socks and underclothing are produced for use in various state institutions.

"Ninety-seven per cent of the men will be released some day," Fr. Foppe said. "Our job is to rehabilitate them and suit them again for society." He said 35% of the parolees return, however.

Fr. Foppe is one of two full-time chaplains on the staff. There also are several part-time chaplains of various denominations.

Quad-Cities Employment Shows Decline In July

Employment at Quad-Cities firms surveyed by the Illinois State Employment Service during July showed a decrease over the figure two months earlier, but the downward trend expected to continue into September.

A total of 14,923 persons were employed by the 61 firms surveyed last month, as compared to 15,455 in May. The predicted employment for September is 14,833.

The over-all job decline was a result of a drop in manufacturing employment, according to information released by the Granite City ISSS office. Thirty-seven non-manufacturing firms surveyed showed a slight increase in employment.

In the non-manufacturing category, July employment was set at 3732. The May total was 3639, with a predicted September employment of 3765.

At the 24 manufacturing firms surveyed, employment dropped from 11,816 in May to 11,191 in July. The estimated September total is 11,068.

Compared to total employment of a year ago, the July figure shows a greater drop. The 61 firms showed employment of 15,471 in July 1961. The non-manufacturing firm employment was 3613, with manufacturing workers numbering 11,858.

Browning Assigned To New Submarine Tender

Horace K. Browning, fire control technician first class, USN, son of Mrs. Gertrude Browning of 2138 Cleveland blvd., has reported for duty aboard the Navy's newest Polaris submarine tender USS Hunley, homeported at Norfolk, Va.

The Hunley was built at Newport News, Va., and commissioned in June. She is the first submarine tender to be built by the United States since world war II and the first in history built from the keel up, to service and maintain our Navy's Polaris-carrying nuclear powered submarines.
